

A word about... Debra

This missionary on the field of prayer was praying long before she first gave her heart to Christ on September 5, 1971. Even as a young girl Debra was crying out to God as her Father, and knew He was listening to her voice! She moved from Virginia to become a full time intercessor at the International House of Prayer in Kansas City (IHOP-KC) in June of 2002.

Debra has taught in Sunday school and Life in the Spirit seminars, gone out street witnessing, served in an inner-city ministry mentoring moms and teaching children after school, helped at an infant home for terminally ill children, and went on several mission trips to other countries. She has served in England, Scotland, Romania, Malta, and the Philippines.

Now Debra is an ordained senior Chaplain functioning as the Critical/Chronic Care Healing Manager, and offering a grief recovery class for those who have lost love ones. She also has been teaching an Encountering Christ Within class to prepare others to have a history in the secret place, and equipping them to go back home and teach others to do the same!

Becoming AN Partner

EVERY IHOP INTERCESSOR NEEDS INTERCESSORS...

*AN INTERCESSOR IS ONE
WHO STANDS IN THE GAP!!!*

Prayer Partners (Intercessors) Prayer Partners are those who commit themselves to pray regularly for this missionary. Up to date information keeps them informed to pray on a personal level for the missionary they have partnered with, and the people and situations the missionary serves.

Financial Partners (Intercessors) No IHOP intercessory missionary receives a salary for being in the prayer room. Each one looks to God to provide the funds for their own personal living costs. Raising support is one requirement to being on staff! Financial Partners are those who commit themselves to invest financially with their missionary so that together they share in helping to fulfilling the Great Commission. Some partners send their support monthly, some quarterly and some once a year. Others send investments for special needs as they arise. These partners receive personal news and first hand reports about the results of their joint efforts.

How is support needed determined?

Costs for each missionary are different. Housing, ministry expenses, transportation and taxes are just a few of the variables that are taken into consideration to establish a realistic budget.

When does partnership begin?

Immediately! Partners are a crucial component of missionary life. Debra is currently inviting more partners in ministry to continue to join her team on a regular monthly basis.

Tax-deductible Receipt "Contributions to IHOP-KC are income tax deductible to the extent allowable under applicable law. All contributions to IHOP-KC are made with the understanding that IHOP-KC has complete discretion and control over the use of all donated funds."

How to send funds In order to be tax deductible, make checks payable to IHOP-KC not placing her name on the check. Mail to Debra at the address on the front of the brochure.

Debra meets the requirements of all full time intercessors of 24 hours in the prayer room and 24 hours in service...and freely pours out much more time than that on the mission base. She loves to pray for the needs and concerns of those she carries in her heart, as well as join in corporately for world issues and prevailing topics in the hearts of those praying from the microphone during intercession sets. Debra mentors several of the young girls in their personal life of devotion and trains others to pray in the Bethany Healing style for the Critically and Chronically Ill. She welcomes those who come from out of town, and out of the country, that attend the Encountering Christ Within class, and provides materials and opportunity to meet with Christ in the secret place., and teach others to do the same when they go back home! Debra has also served in the community at a local grief recovery center where those as young as three come to get help in a season of personal loss. She has put together information to help those who are grieving to do it well, and ministers to those who seek her help on the mission base that are in need of such healing. She developed an 8 week grief recovery class that has helped many in various seasons of grief. She is currently active as an instructor in the community for Emergency Preparedness course, and carries what God has imparted to all those as well.

TOGETHER WE CAN MAKE A DIFFERENCE
